Ascension Clearing Prayer

I SURROUND MYSELF with the luminous White Light of the Holy Spirit and the Blood of Jesus, and align with the Light, the Wisdom, and the Heart of God.

I NOW CLEAR, HARMONIZE AND BALANCE my Personal Trinity (my Ego, Self and Soul), my Soul Committee and my spirit helpers, and then align *ALL* with my Divine Plan.

I NOW CLEAR any cords, attachments, entities, openings or other blocks affecting me at this time.

I NOW SPIRAL the white light of spiritual wholeness around me to remove any soul fragments of others left in my energy fields, and spin those fragments back to their owners.

I NOW SPIRAL the black light of physical wholeness around me, reaching out and reclaiming any fragments I may have left behind in dealings with any souls in my past, present, or future.

I NOW INTEGRATE AND GROUND my energy and align, clear and balance my chakras, energy bodies and life areas, even as I align with my original perfect destiny and health blueprints.

NOW AS I STAND BEFORE THE UNIVERSE, I retract any curses, contracts, heart vows, hidden vows or soul programs that are running between myself and others in past, present or future.

AND I SEND forgiveness and apology to them.

AS I STAND BEFORE THE UNIVERSE, I release being a guide or guardian angel to others, and send them angels to take my place.

AS I STAND BEFORE THE UNIVERSE, I lower my level of empathy and become a neutral observer of all things happening, living independently and clear of the energy of others.

AS I STAND BEFORE THE UNIVERSE, I ask for the perfect combination of colors and frequencies to spiral through me, upgrading my physical body to better align to the incoming ascension energies.

AS I STAND BEFORE THE UNIVERSE, I now flood myself with unconditional love and declare that

I AM LOVE and LOVE I AM.

I AM LOVE and LOVE I AM.

I AM LOVE and LOVE I AM

And so it is.
